Essay competition

Subject: Encouraging Creativity and Writing Skills: Highlights of the School Essay Competition”

The essay competition held at our school aimed to encourage creative thinking, improve writing skills, and foster a love for literature among students from grades 1 to 10. The event was a resounding success, with enthusiastic participation across all grade levels.

The essay competition was conducted over a week, allowing students ample time to brainstorm, draft, and refine their essays. The topics were age-appropriate and designed to stimulate intellectual curiosity.

A total of 300 students participated in the competition. Each grade had a set number of topics to choose from, ensuring a wide variety of essays.

Topics ranged from personal experiences, environmental issues, historical events, to imaginative scenarios. Younger students wrote about "My school" and "Myself" while older students tackled more complex subjects like "Importance of education", "AI."

Essays were judged based on creativity, coherence, grammar, vocabulary, and overall presentation. A panel of teachers from the language department evaluated the submissions.

Winners were chosen from each grade based on the judging criteria. The top three essays from each grade were awarded certificates and prizes during the school's assembly.

The essay competition was a valuable experience for all involved. It not only honed the writing abilities of our students but also instilled a sense of accomplishment and confidence in their literary capabilities.

Thankyou,
English club
